

WANTS G.T.P. TO BUCK UP

Board of Trade Sends Complaint to C. M. Hays.

IRREGULAR TRAIN SERVICE

Points Out That Railway Has Better Roadbed and Suggests it Might Use it More

A resolution expressing dissatisfaction with the freight and passenger service supplied this city by the Grand Trunk Pacific Railway company, was passed unanimously at a special meeting of the Board of Trade held in the board room yesterday afternoon. A through passenger service is one of the main things asked for in the resolution. A copy will be forwarded at once to Mr. Charles M. Hays, president of the company.

The resolution reads as follows:

"That the attention of Mr. Chas. M. Hays, president of the Grand Trunk Pacific Railway, be drawn to the fact that notwithstanding that the rails of this line were laid in this city some nine months ago, and that the track and roadbed are of a much higher standard than has usually been attained by other western roads in the earlier stages of operation, the service afforded to this city, both as to passenger and freight traffic, is not such as to commend itself to our citizens, and has been the cause of considerable dissatisfaction, as well as loss of business, to Edmonton shippers and to the public generally.

"And that in the opinion of this board the institution of a daily fast through passenger service from Winnipeg to Edmonton is demanded by the best interests of this city and of the public generally; and that in view of the conditions referred to in the previous paragraph, the public have been fully justified in expecting such a service to be established.

Comparisons Unfavorable.

"And that the facilities provided for the handling of freight traffic, both in the Edmonton terminals and over the line east of this city, have not been such as to afford reasonable satisfaction to shippers; and unfavorable comparison with the efforts of other Western roads working under less favorable conditions, to afford all possible facilities to the public served, were inevitable.

"And that this Board of Trade respectfully urges upon the president of the Grand Trunk Pacific Railway to take such action as will result in more efficient and satisfactory freight and passenger service being afforded at an early date to Edmonton and tributary territory."

"There is no reason why the G.T.P., which has a splendid roadbed, should not provide a first class passenger service twice daily," said ex-President Dowslett. "The traffic is heavy, and there is no possible extension for the company's failure to put on a through service from Winnipeg and Edmonton equal to or better than that provided by the C.N.R. I am convinced that a twice-daily service would pay well—one train being used for passenger and the other an accommodation train."

Ferry for Clover Bar.

A ferry service for Clover Bar will be established in the very near future, if the intervention of the board with the provincial government can be of any avail. A committee consisting of Messrs. Campbell, Candy and Secretary Fisher was appointed for the purpose of interviewing the minister with a view to inducing them to take immediate action.

The question was raised in a communication received by Mr. Fisher from the Clover Bar local of the United Farmers' Association. President McGeorge pointed out that any improvement which made for the betterment of the farmer's lot must of necessity also benefit the merchant. "We are losing the whole of our Clover Bar trade," declared Mr. Candy. "At one time one might see a procession of farmers making towards Edmonton from this suburb, but that time has long past."

ACCIDENTAL DEATH

Jury's Finding in Investigating Death of James Macatamney

At the inquest held yesterday afternoon on the body of James Macatamney, the jury, after a short consultation, returned a verdict of "Accidentally drowned." Very little more evidence was forthcoming than that which was heard at the first sitting. Detective Sergeant Tucker had in the meantime found out that Macatamney had all his money, amounting to \$300, in the Imperial Bank, and had not drawn a larger sum than \$10, therefore robbery could hardly account for his death. Mr. Walters, of Walter's mill, said that the path across the river on the ice was close to open water; and as Macatamney had been over to Edmonton and had been seen drinking in the Windsor Hotel, it was concluded that he fell in where the water was deep and was drowned.

Wolter Condemned to Death.

New York, April 28.—Albert Wolter, convicted of the murder of little Ruth Wheeler, was sentenced by Judge Foster in the General Sessions to die in the electric chair in Sing Sing prison, some time during the week beginning June 6th. The condemned man displayed only a languid interest in the court proceedings.

VILLAGE HAMPDEN ON STREET CAR

Who With Dauntless Breast, the Little Tyrant of the Car Withstood.

Passengers on an early morning car to Strathcona yesterday were given more than they were counting on for their ten-cent fare. A young man was smoking at the rear of the car. The conductor told him that he would have to stop it, but he declined, declaring that he was within his rights, that he wasn't causing discomfort to anybody in the car and that the conductor's request was unreasonable. A wordy argument ensued which grew in warmth as the car climbed the hill on the south bank. By the time the switch at the top was reached, the conductor had informed the passenger that he would throw him off if he didn't do as he was told. The car stopped to wait for that going to Edmonton and the motorman stepped into the game. Together they proceeded to eject the independent young gentleman who put up such a fight, that the spectators soon came to the conclusion that the Terrible Turk wouldn't be one-two, three with him if he ever went on the mat. All over the car floor the contest was fought. The women passengers screamed. The men took sides and cheered the contestants on. The betting was for the most part at even money, though a few partisans of the would-be smother were held enough to offer odds. Only constant watchfulness on the part of the crowd prevented serious damage being done to the seats and windows. When the northbound car arrived, the excitement was at its height. My Lady Nicotine's devoted follower saw that with reinforcements in the shape of a second conductor and a second motorman about to come into the field against him, it was time to give in. He said he would be good and was released. The trio got up and shook the dust off their clothes. The cause of the trouble lay on the floor. It lighted one up. The owner picked it up and threw it outside.

As the car went on its way, he took the names of several passengers, made careful note of the number of the officials, and a very early start into the morning took the seat into which he threw himself, that they hadn't heard the last of the affair.

Chinese Village Destroyed.

Victoria, April 28.—News was brought by the steamer Ama Maru of Nippon Yuen Kaisha of the loss of over one hundred lives in an avalanche on April 24. A great mass of snow and ice came down the Sunshine Hill, overwhelming the village of Nishi-ochimizu, the village of Nishi-ochimizu, and the adjoining valley for nearly five miles with sixteen feet of debris.

BIG PROBLEMS FACE CHURCH

Presbyterian Synod Hears Interesting Addresses on Missions.

MEN AND MONEY ARE NEEDED

Salaries of Theological Students Engaged in Summer Work Have Been Raised.

Several very interesting addresses were delivered at the evening session of the Presbyterian Synod yesterday, when the subject of "Home Missions" was gone into. The report of the work was read by Rev. Mr. McQueen and the Rev. Mr. Gordon moved its adoption, seconded by Rev. Mr. Brown of Red Deer.

It having been found that the students studying for the church were obtaining work elsewhere in the summer months, and depriving the church of their services, their salaries were raised to enable them to devote their whole time to the work. Talking of financial matters Mr. McQueen said that this year Alberta was required to raise \$25,000 towards the general fund; British Columbia and Saskatchewan the same, and Manitoba \$35,000, and that the expense sheet of Alberta would amount to about \$40,000. The country was gradually opening up, he said. The Rev. Alexander Forbes and his wife had just started for the Peace River country, which was the furthest point of the Presbyterian Church as yet.

Work in the South.

Rev. Mr. Gordon of Lethbridge, in moving the adoption of the report, gave an account of the growth of the Lethbridge district and of the work that had been done there. Men and money, he said, were needed badly to keep pace with the country. The Rev. Mr. Brown of Red Deer seconded the adoption and in an interesting address told of his work further afield. Talking of Lethbridge, he said, reminded him of the expression "to blow into town," and he had never known the meaning of the slang until he went to Lethbridge. Mr. Brown, who has worked for many years amongst the lumber and mining camps of British Columbia, told some of his own personal experiences in the wilds. In concluding his address he said that there was at present an average of 30,000 per year settling in the country and the possibilities of increase enormous, so that the problem facing the church was a very real one.

BRITISH BUDGET BEFORE LORDS

Passed its Third Reading in the House of Commons by a Majority of 93.

London, April 28.—Chancellor Lloyd George's finance bill, the rejection of which by the House of Lords, cost the nation, as Premier Asquith announced in his final speech last night, \$6,500,000 actual money, passed its third reading in the House of Commons by a majority of 93 amid enthusiastic cheers from the ministers. It was immediately carried to the House of Lords which was waiting in session to receive it, and in quiet, uneventful fashion the Lords passed the first reading of the bill.

Quer Verdict Set Aside.

"Pittsburg, April 28.—After being locked up for forty-six hours the jury in the case of Councillor A. V. Simon, accused of accepting bribes, etc., filed out to the court this morning that it had reached a verdict.

Judge R. S. Fraser sent for the jury but lost his temper when that body announced that the verdict was acquittal "providing Simon would pay all costs of the case and at once resign from Pittsburg Councils."

The Court told the jury that he could not accept any such verdict. The foreman as well as individual members of the jury asserted that there was no hope of reaching any other verdict. Judge Fraser then discharged the jury and ordered Simon placed on trial again next Monday before another jury.

'ABSURD,' SAYS SHAUGHNESSY

President of C.P.R. Denies Political Ambitions Attributed to Him.

Montreal, April 28.—A rumor has been circulated that Sir Thomas Shaughnessy is contemplating retiring from the presidency of the C.P.R. and entering the political arena in the House of Commons, Ottawa. When seen today on the subject, Sir Thomas said, "This absurd rumor is absolutely without the slightest foundation."

Wireless Station at Calgary.

Calgary, April 28.—Lee De Forest bought property here today on which he will erect a wireless station. He says he can successfully compete on the prairie with the C.P.R. or other telegraph companies.

Will Renew Negotiations.

Pekin, April 28.—Vladivostok dispatches state it is reported on excellent authority that Count Komura is to renew the Russo-Japanese negotiations for an agreement which were cut short by Prince Ito's death.

UNIONS MAY ALL STRIKE

Calgary's Building Trade May be Tied up.

CARPENTERS MAKE TROUBLE

Employers say That They Will Fight to a Finish and let the Trouble Come.

Calgary, April 28.—A general strike of all the building trades in Calgary is anticipated by the Building Exchange, the members of which say they will fight the men to a finish. The carpenters demand 20 cents an hour all round while employers offer a graded scale of from 40 to 50 cents according to the men's ability. If they strike, other unions will go out in sympathy they say, and building will be paralyzed. On the other hand the employers are telling the union men to go ahead and strike and they will fill their places with non-union men. The crisis cannot come until June 1st, the men having given employers until that time to grant their demands. Yesterday afternoon sixteen stonecutters employed on the new city hall struck because Contractor Brocklebank employed a Calgary man to sharpen tools, whereas they demanded that a man should be employed who was brought here from the United States for that purpose. Brocklebank refused to discharge the local man he had hired and the stonecutters quit.

ANNA HELD RETIRES

Has Put by a Dollar or Two, For a Rainy Day, She Says

New York, April 28.—Anna Held needs a rest. That's why she is leaving the stage for all time. "Oh, yes," she affirmed, with wide-eyed seriousness—"what wide eyes they can be"—"after this week I shall be a plain woman. I need a rest. Fourteen years now I have been on the stage, and I am tired. You see, I have nerves. And then, too, I have a dollar or two laid by for a winter day. I shall live on my income. I don't touch my principal. I may need that some day."

"For going back on the stage?" she was asked. "Never, never. It is on the stage I make my money. I shall never spend any of it there. "Out of the theatre into the home I shall go."

LONG DELAY IN PAYMENT

G.T.P. Construction Laborers had Substantial Grievance.

TIME CHECKS NOT CASHED

Complaint was Made to Magistrate and on his Advice Matter was Fixed Up.

Sixteen men trooped into Magistrate Cowan's office the other afternoon. They were all laborers from the ballasting and track-laying gangs of the Grand Trunk Pacific to the west of this city. They had come into the city after getting their time with the company. Some had finished the work that they had been hired to do, others could no longer stand the life of the construction camps and had come into the city again, and a few had been dismissed. But all of them had a grievance against the Grand Trunk Pacific.

"We can't get our money," explained the spokesman to the magistrate. "When we left the camps several days ago, we were given our time checks and told that they would be cashed just as soon as we presented them at the G.T.P. offices here. Some of us have been here for nearly two weeks now, and we haven't got our money yet."

Upon investigation it was discovered that a deplorable state of affairs existed. Last Thursday about sixty laborers from the camps arrived in the city. They had been "paid off," not in cash, but with these time checks. They were all loaded on a train and brought into the city after being told that as soon as they reached Edmonton if they presented their time check at the G.T.P. offices, they would receive their full pay.

But, according to the story told by the men, this did not prove to be the case at all. They went to the offices the morning after they got to town. "Can't pay you fellows today," was what they were told. "Come again tomorrow and we'll fix it up then."

But when "tomorrow" came, and the men went back, they were told the same story. This continued every day for nearly a week until the men became desperate. None of them had any money. They could not get meals or a place to sleep, as the proprietors of hotels and restaurants would not consider the "time checks" as of any value.

TRYING TO REVIVE AN ANCIENT SECT

Members Claim it was Established by Joseph of Arimathea in A.D. 35.

London, April 28.—London is mildly interested just now in an attempt to revive in corporate form the ancient British-Israelite church, first formed, tradition says, at Glastonbury, among Jewish exiles by Joseph of Arimathea, in A.D. 35, in the year of the first persecution. The legends of the sect affirm that the ancient British people were descended from a band of Hebrew exiles who reached Ireland under the leader ship of the prophet Jeremiah and Tephi, the daughter of Zedekiah, the last king of Judah, through her marriage with Heremon the patriarch of King Edward VII. is traced right back to David, King of Israel and Judah.

Professing in common with other Protestant churches, that the bible only is their sole rule of faith and practice, the British Israel Ecclesia, as they designate themselves, are anti-Trinitarian in theology. They hold, nevertheless, the doctrine of the divinity of Jesus Christ and the sanctity of the holy spirit. They also hold strong views on the necessity for observing Saturday as the Sabbath, and look for the establishment of the Messianic kingdom on earth in which the Jewish race will predominate.

MURDERED FOR MONEY

Estella Reid, Whose Dead Body was Found, was an Heiress.

London, April 28.—A despatch from Naples referring to the drowning of Estella Reid says that she was about to inherit a large fortune. Miss Reid had already inherited one fortune and it is believed that enemies were attempting to rob her of her inheritance. She hid in Italy in order to avoid contact with Americans. A few days ago an American yacht arrived at Naples and it is supposed Miss Reid was enticed aboard. As a result of what occurred there it is believed she attempted to escape by jumping into the sea and was drowned. Subsequent movement of the yacht cannot be traced. Miss Reid was undoubtedly an American. She was born in Haverstraw, N.Y., and her cousin, Princess Rospioglio, will send her body there for burial.

New York, April 27.—Commander Robert E. Peary, accompanied by his wife and Captain Robert Bartlett, has sailed for Europe. Commander Peary is under engagement to deliver lectures in London, Berlin and other cities.

GOOD SAMARITANS KICK THEMSELVES

These Men Thought They Were Doing Themselves Good by Stealing, But—

Even the Good Samaritan is sometimes "stung," especially when he is trying to do one good turn for the other fellow and two for himself. That, at any rate, has been the experience of some people living in a town out near the Crown's Nest. A politician had fallen by the way. They sneaked him, but they didn't get what they expected out of it and now they want their money back.

Last week, so the story runs, a blind pig, "blind" but otherwise healthy, and active, was raised. The two men running it were arrested by the R.W.M.P., and fined \$75 each. The beer was confiscated.

Now the people in that town loved the beer even more than they loved the money. And to get the beer they collected \$150 to pay the fine, thinking that in this way the beer would be restored to them. All they got, however, for their money was the gratitude of the two men and a look at the empty kegs after the axe had done its work. Now they are looking for the man who suggested the subscription, threatening that a use may be found for the axe besides the destruction of beer kegs.

Novice Chauffeur Kills.

New York, April 28.—An unidentified Italian about thirty-two years old was run over at Jerome avenue and 181st street. The Bronx, yesterday by an automobile and died in Fordham Hospital last night. William Lapina of 978 Sixth avenue, a student chauffeur, was driving. Barrett Ackerman, an instructor in a school for chauffeurs at 146 West Fifty-sixth street, was in the car. Both were arrested by Coroner Schwann on a charge of homicide. They were paroled in the custody of Monroe S. Gilmer of 210 West Seventy-second street.

The Italian, who was working on the road with a shovel, was struck as he attempted to cross in front of the automobile.

Christian Scientist Suicides.

New York, April 28.—Miss Marion E. Stewart, one of the earliest members of the First Church of Christ Scientist, and for many years an active Christian Science practitioner, killed herself last Saturday night by inhaling gas in the bathroom of the home of her sister, Mrs. Frederick C. Weeks, at No. 535 West 111th street. The fact of her suicide did not leak out until today.

MINTY MADE HOT PROTEST

Said Commission had Become a Political Drag Net.

BENNETT STOPPED QUESTIONS

C. S. Tupper Said That he had Given up his Connection with Construction Company.

Winnipeg, April 28.—A spirited protest from G. D. Minty as to the methods of the Royal Commission was the main feature of this morning's session. "This commission is being degraded to a political drag-net," was his stricture. His protest was made when Mr. Bennett started to cross-examine C. S. Tupper, vice-president of the construction company. Mr. Bennett began to read from a letter on Minty's files handed in to Mr. Walsh at Edmonton. Mr. Minty vigorously claimed these letters were private and had not been handed in for public use and protested on behalf of himself, the general public and his former clients. The commission, he said, had gone beyond its original powers and had no more right to investigate construction company's doings than the C.P.R. or C.N.R. He asked for a ruling but the Commissioners only said he and his friends would have an opportunity to present their side. Mr. Bennett dropped his questions. The only other witness was F. Syme, member of the original syndicate.

C. S. Tupper on Stand.

The first witness this morning was Charles Stewart Tupper. Before being sworn he said that he appeared being sworn he said that he appeared before the commission voluntarily, no subpoena having been served on him. "I am advised," he said, "that this Commission has no right to subpoena anyone in Manitoba. It is only out of respect for the Commission that I am here."

He was vice-president of the Canadian West Construction Company. He resigned as vice-president and director at the close of a meeting which took place in April. He was unable to say how much of \$500,000 capital stock had been subscribed by April 28th. It was sufficient to enable the company to do business. Witness held one share for which he had paid nothing. He was not able to say who paid for it.

"I got my instructions from my partner, Mr. Minty. I had complete confidence in him, and did not give matters full attention."

An agreement was made with the Royal Bank for advances. These were to be secured by assigning to the bank all proceeds of bond issue of Alberta and Great Watersways Railway.

On Mr. Bennett's starting to cross-examine Mr. Tupper in regard to a letter from files Minty had handed in at Edmonton, Minty vigorously protested. "I protest," said he, "as a solicitor and in the interest of the public against confidential letters being made public."

"The Commission," he said, "has gone beyond its powers. It has no business to look into private affairs of people not connected with the railway. It is absolutely improper to degenerate this Commission into a drag-net to procure political information."

"Who are you protesting for?" asked Judge Scott.

"On behalf of my former clients. The judge thought the protest was too late. Letters had been accepted as evidence in Edmonton."

"Minty," he said, "was not there."

"You had every opportunity to present your side," said Mr. Justice Scott.

The matter was dropped and Mr. Bennett consented not to ask questions from the letter for the time being.

Mr. Bennett asked Mr. Tupper what had become of the \$500,000 according to the companies' act must be paid up. He believed W. R. Clarke paid in \$20,000. What disposition had been made of this Tupper did not know. Judge Scott suggested might be the same money as was in the Great Watersways Company. Pressed as to the proceedings of the final

THE HISTORIC KING'S PLATE

Famous Woodbine Stake Event is an Open Race this Year, with Davies and Hendrie Entries Slight Favorites.

This is about the time interest in the historic King's Plate causes the average Torontonian to lose more sleep than is good for him. As nine out of every ten people in Edmonton had originally from Ontario, no doubt a few lines on this year's entries will be of interest to them.

Mr. Seagram will likely have two starters, Tollenard and Pearl Fisher, both four year olds. They were among last year's entries, and Tollenard ran second to Shioness, but Pearl Fisher did not go to the post. To support them, the Waterloo stable has three three year olds, the fillies Jane Shore and Carrie Milner, but they will probably be reserved for some other event. Jane Shore, a daughter of Martynow, is a particularly handsome mare.

The Valley Farm stable have some smart three year olds in preparation at Windsor, and it is no secret that the Hendries have hopes of repeating last year's victory. The Commencement, Farmer, has shown up extremely well in the spring work.

The Messrs. Dymont have nothing eligible this year, but no stable has a more promising lot of youngsters for future seasons.

Mr. Robert Davies will be strongly represented, and in what gossip there has been so far about the probabilities, one hears more frequently the names of the Valley Farm and Thorncliffe candidates as most likely to furnish the winner.

Mr. Seagram's and the Barrie horses will be sent to the Woodbine about the middle of May, and those trained at Windsor will not leave their winter quarters until almost immediately before the race.

THE ANGELS ARE SNOWED IN

The Weather at Aurora, Ill., is not very Tropical and the Spring Practice Consists of Chalk Talks.

Remdon, Man. April 28.—The Brandon baseball Club is snowed in in the Grand hotel at Aurora, Ill., and Manager Morrow is spending his time, giving "chalk talks" to the youngsters. These are the anxious for the strenuous life are taking to the snow shoves. Yesterday's game with the Aurora's was postponed on account of rain and today a most terrific blizzard swept over the city, chasing every body indoors.

Morrow announces that the following have won regular places on the Brandon club: Cooper, catcher; Hartford, third base; Heenan, short stop; O'Connor, centre field; Corby, right field; Heinrichs, wing, Woods, and Earl pitchers. Three youngsters were released yesterday but Morrow still has a dozen good ones to pick from.

MEASUREMENTS OF TWO FIGHTERS

Dr. Pifer has Carefully Examined Jeffries and Johnson and Results of Tests are Given Below.

Just before Jack Johnson left for the coast to start training for the fight a Chicago newspaper had a physician make a thorough examination of the colored pugilist. This was done for the purpose of comparing Johnson's measurements with those of Jeffries, and to silence all disquieting rumors about the heavy weight champion's lack of condition.

Dr. C. W. Pifer of Chicago, was the physician who conducted the examination and a summary of the results of the Johnson test indicates that: General health is excellent. Heart beat is rapid, but powerful. Lungs are in good general condition, but somewhat clogged by cold. Expansion poor. Kidneys perfect.

There are no indications of stomach disorder, as so frequently reported. If the champion has dissipated, there are no signs as yet of impaired vitality.

Muscles snappy and elastic. Feet flat, otherwise O. K. Hands are good maulers. Not one knuckle broken. Bones firmly knit. As Dr. Pifer also conducted the examination of Jeffries, the following comparison between the measurements of the two men is interesting.

MAROONS SHOW UP VERY WELL

Lohr has Two Candidates for Short Stop—Work of In-field was very Snappy.

Winnipeg, April 28.—Fine weather, with a bright sun and cool winds, made outdoor exercise ideal on Saturday and the Maroons made a pleasure of business when they practiced out at River Park. Many enthusiasts turned out to watch the display of their prowess to get an idea of the playing abilities of the men who will represent Winnipeg on the Western Canada diamonds. The infield lined up for practice with Edmonds as catcher and Frank Roche of Winnipeg as batsman. Wynan played shortstop with young Reed at deep short.

The boys were playing on an uneven diamond and Wynan had the better luck. Both shortstops showed class in throwing to bases and connected shortly when the player was called. In fact, the infield play was something that would open the eyes of enthusiasts who followed the big league games and Holmes, Krueger and Hearty seemed to be slated for the base positions. Their cleverness and fielding of ground balls being something to marvel at.

The outfield in charge of Manager Frank Lohr, made a brilliant display of fielding and caught everything in sight. Isbell proved himself a wonder in running catches, and with one exception made perfect plays in difficult chances. Our own Larry Piper never made a mistake. The team will practice again this afternoon.

ESKIMOS TAKE LAST GAME OF THE SERIES

Though Claresholm were Strengthened by Grady and Barnstead, they Went Down to Defeat by 9 to 1.

LOCALS TORE OFF FAST TRIPLE PLAY

Mills was Again Very Much in the Limelight, Both in the Field and with the Willow—Willard got a Screaming Three Sacker—The Four Pitchers all Showed up to Advantage—Grady and Barney got Poor Support—Gaff Looks Good to us.

Last night's game between Edmonton and Claresholm resulted in a much closer game than on the preceding evening. Grady and Barnstead performed for the visitors and made a great difference. These two and Jimmy Hisler, the catcher, practically played the whole game for the South-erners. Grady pitched the first three innings, and did very well. He struck out three, and had five hits made off him. Barnstead, who performed in four innings, struck out Willard twice, was touched up for six hits, and gave three passes.

McCutcheon officiated on the mound for three innings and did very nicely. He has hardly had an opportunity to get in shape yet, and when conditioned, should make good. He walked two, struck out two, and was touched up for one hit. Gaff pitched the last four and made an excellent impression. He fanned four, was found for three hits, and issued no free transportation. Edmonds started off with two good eggs, but broke into the scoring column in the third with three runs, annexed two in the fifth, and finished up their lone tally in the sixth.

There were three bright features in the game. First, the splendid all-around play of Mills. His work was certainly the bright spot of the game. Look over this record of our young third-sacker. Three hits out of four times at bat of which one was a double, three out and six assists. Rather a nice evening's work. The other features were a fast double, Morse to Brennan to Baxter and wonder of wonders, a triple play. The latter happened as follows: Hisler was on second, and Grady on first, with Simpson up. The batter knocked a liner to Mills, who sensed it, and threw to first, getting Grady, who had left his base. Moose whipped the ball to second and Brennan tagged Hisler, in the act of making a frantic retreat to the middle station. Result, three out and pandemonium.

The game in detail was as follows: First Innings. Simpson walked and took second on Moffat's sacrifice. Arrell fanned, and Gage fled out to Mills. No runs.

Edmonton—Mills hit through the box and took second on Amundson's error. Olsen fanned, and Moose fled to first. Moose grounded out, Grady to Arrell. No runs.

Second Innings. Reynolds out, Mills to Baxter. Amundson fanned and Morse and Baxter easily disposed of Payne's grounder. No runs.

Edmonton—Lassi rolled one to Moffat, who threw that out at first. Brennan singled to right and took second on Willard's third strike. Johnny stole third in fine style, but Gaff was out, Grady to Arrell. No runs.

Third Innings. Hisler got four bad ones and took second on Grady's single to centre. However, Simpson knocked a liner to Mills, and the fast triple play described above, took place. No runs.

Edmonton—McLair made first on Moffat's error. The next man up, Mills succumbed to the wily Grady, but Olsen got first on pitcher's error. McLair taking second. Baxter doubled, and Olsen and the Kid scored. Morse singled to left scoring Moose but was caught trying to steal second. Hisler to Simpson. Lassi tore off a hit but was neatly caught napping on no runs.

Fourth Innings. Gaff now is the box for Eskimos. Signalled his advent by striking out Moffat and Arrell. Gage retired, via the Mills-Baxter route. No runs. DIAMOND DUST.

Note and Comment on Last Evening's Game with Claresholm—Team Looks Good.

Even two good men like Grady and Barnstead could not make winners of the Claresholm bunch. They only had one other player on the team and that was Jimmy Hisler.

If Mills can keep up his present gait he will be a sale at the end of the season. Six hits out of eight times at bat is going some. Then, last Saturday, he pulled off three hits against the Irish-Canadians. Quite a Hans Wagner is our young three-sacker.

Deacon will have one hard time deciding which pitchers he will keep. Samuels, Grady, Gaff and McLair shape up like the best of the present bunch.

AM. Fidler strained his voice in the Tuesday night game and was relieved of the strenuous duties of umpire, last evening by Garrison, who officiated in good style.

Edmonton's three prize rooters, Vickers, Capt. Kidd and Jos. Clark, were all on deck last evening. The din was horrible.

Some class to that triple play? Mills chose the longest way around but it all worked out in the end. And don't forget the snappy double.

Gaff looks to us like a real classy pitcher. He worked himself out of at least one very tight corner in the sixth innings.

Willard ozoned his first three trips to the plate but did not return empty handed on the fourth attempt. A love by triple was the outcome, and his scoring Brennan. It is the men like Willard, who can hit safely with two out, that we have been looking for.

It looked for a time as if that long expected shower would break up the game. But nothing happened.

Jimmy Hisler showed yesterday that he is a good receiver. Reynolds also pulled off two nice catches.

Where is Burridge? Our catcher is becoming as elusive as the famous Johnny Kling. Can this be a failing common to all catchers? And echo answers, No.

Harold Deaton, the hockeyist, is gathering together a team to meet the pros. on Saturday afternoon. Deet says, if the ice is hard, his team will win by at least three goals.

Isn't it about time the Baseball Club was appointing an official scorer? Jack Winchester is the unanimous choice of the scribers for the post.

Edmonton players who figured in the base hit column were: Mills, Olsen, Baxter, Morse, Lassi, Brennan, and Willard.

And Jack Brennan, the speed boy, got the only stolen base of the game.

Pete Morse had rather an off day. He only had a batting average of .666. His error was caused by over anxiety to make a double play.

H. Lang Turns Pro.

Buffalo, N. Y., April 28.—Jimmy Clabby of Milwaukee, and Paddy Lavin, of Buffalo, boxed ten fast rounds here last night. A draw would have been the verdict if decisions were allowed. Before the men entered the ring, Hillard Lang, of Toronto, winner of the American and Canadian welter weight amateur championships, announced his entry into the professional ranks by challenging the winner of the bout.

Lonsdale to See Fight.

London, April 28.—Arrangements are now being made by Lord Lonsdale and a party of English sportsmen to see the Jeffries-Johnson fight next July. A sufficient number of men of means and position will charter a special steamer to New York, from where they will take a special train, arriving at the scene of the battle on the morning of the fight. They will depart for New York on the morning following the fight.

Mayor to Welcome Weston

New York, April 28.—Mayor Gaynor, himself a pedestrian of no mean ability, granted permission today for Edward Payson Weston to tramp triumphantly down Broadway with an escort of police when he arrives in New York at the last of this week. Judging by his progress, Weston will reach the upper part of the city late Friday, seventy-five days after his start from Los Angeles, 3,400 miles away, and fifteen days ahead of his schedule.

THREE CLUBS IN THE A.A.L.A.

Medicine Hat and Edmonton did not Enter—Circuit will Consist of Calgary, High River and Lethbridge.

Calgary, April 27.—Calgary, High River and Lethbridge will form the senior lacrosse league this year, and will play a double schedule, to commence early in June.

This was decided at a meeting of the Alberta Amateur Lacrosse association, held last evening at the Y. M. C. A. The delegates present were Harry Nelson and Hathonson, High River; L. Helmer, Lethbridge; Harry Collison, and Allan McDonnell, Calgary.

Edmonton wrote that it would not enter the league this year, but would be in the game and play exhibition lacrosse.

Entries for the senior league were then received, as above stated. The delegates were enthusiastic over the prospects of this league, and were of opinion that it would produce good lacrosse. All three teams are much stronger than last year. A double home and away schedule will be played, which will be drawn up at a meeting to be held at the end of the month.

The Lethbridge delegate announced that R. A. Wright of that city has offered to donate a trophy for the intermediate championship to be known as the Wright trophy. This was accepted.

The election of officers resulted as follows:

Hon. President—Senator De Veber. President—J. Mole, Calgary. Vice-president—R. A. Wright, Lethbridge. Second vice-president—J. Mosely, Calgary.

Council—L. J. Helmer, Lethbridge; Herbert Boile, High River, and Dan McLeod, Calgary.

It was again decided to have a guarantee of \$500 to visiting teams.

COLORED FANS TO SEE MILL

Will Travel by Special Train—One Hundred and Fifty Reservations Already—The Black Diamond Express.

Chicago, April 28.—Champion Jack Johnson will not lack support when he enters the ring on July 4 to defend his title against James J. Jeffries, for arrangements have been completed by the "king pins" of the colored district to run a special train from Chicago to the fight. This special will leave one week before the mill and return immediately afterwards.

According to those who are behind the movement, arrangements were completed about a month ago and pledges received from 120 people who will make the trip. If the demand for reservations warrants, the special will be divided into two sections.

The train will be the first of its kind ever run such a great distance to a prize fight. It will be made up of six sleeping cars, buffet and observation, and the railroad officials say it will make the trip as quickly as the limited trains. The people who already engaged reservations are of the well to do class.

Johnson is said to be the originator of the plan and it was mainly through his efforts that the railroads would furnish such a train. The champion already has deposited money with the railroad to cover any losses which might occur, for he is anxious to have his friends at the ringside when he steps into the ring. The name of the road which will run the train and the people behind the movement would not be given out until all plans are completed.

Cameron gets Reception

Halifax, April 28.—Fred C. Cameron the champion long distance runner of America, was given a gaudy reception on his arrival last night at Amherst from Boston. Five thousand people crowded the streets to give him welcome and see the procession. Mayor Curry presented Cameron with a gold watch, and Trenholme, his trainer, with a purse of gold. A civic address was read to which Cameron replied.

meeting on April 20th, he created a laugh by saying: "Everything went off smoothly." He got no salary. The only directors left in the construction company are James MacMillan, Manager of the Royal Bank, Edmonton, and B. B. Clarke. He understood since his firm had resigned as solicitors A. B. Hudson had been appointed. He had no idea what had become of the books, but thought they were with Clarke.

F. Emerson Testifies.

W. A. Faulkner was called, but was not present. F. Emerson was the next witness. He had been a partner as a broker with Faulkner. When the option on the Athabasca Railway charter was given he left the whole matter to Faulkner and assisted his interest when he drew out of the partnership. He knew little of the affair personally. Mr. Walsh read a letter written by Emerson to Hawes in which he said the strong western men who had influence with Edmonton and Ottawa governments were to be interested. He understood Hon. Robert Rogers was to be one. Mr. Walsh suggested that he would not have much influence with these two governments.

Clarke Only Director.

The chief witness before the Commission yesterday afternoon was William Bain of Winnipeg, one of the original directors of the A. & G. W. Mr. Bain said that he had held \$1000 stock but had paid nothing into the company. He believed that Clarke had paid for the stock. He attended the organization meetings held in Edmonton, which have already been described, and his expenses had been paid either by Mr. Minty or one of the Clarks. Mr. Bain said that he was a brother-in-law of Mr. Minty and had gone into the company at Mr. Minty's request, putting no money in and expecting to get none out. He had taken no part in the meetings he had attended and his recollection of them was just as set out in the minutes which already have been produced.

To Mr. Bennett the witness said that the minutes were type-written and admitted that they must have been written up before the meeting took place.

Mr. Bain also told of a meeting which was held Wednesday of last week in Mr. Minty's office. Minty, Bain, W. R. Clarke and B. B. Clarke being there. At the close of the meeting Minty and Bain had resigned their seats upon the board. During the meeting, Mr. Minty's firm had also resigned the solicitorship of the company. He had not heard of any other directors having been appointed and as far as he knew W. R. Clarke was the only director. In that case the minutes had been prepared before the meeting.

MUST GO ON WITH CASES

Magistrate Cowan Objects to Their Being Withdrawn.

NOT A COLLECTING AGENCY

Charges of Theft or Fraud When Laid Must be Proceeded With in the Future.

"This business of turning the police court into a collecting agency has got to stop," declared Magistrate Cowan in the police court this morning. "Hereafter when a case is once started, and charges of theft or fraud laid, the case will have to be proceeded with."

The particular case that so aroused the magistrate's ire this morning was one where a young man by the name of Thomas C. McGrath was charged with the theft of \$50 from the contracting firm of Peterson and Fell. It appears that the money was given to the young man in payment of an account, but that he failed to turn it in. This occurred at Learning Street on the 24th of this month.

McGrath was arrested, but the money was paid back last night, and so when the case was called this morning the plaintiffs withdrew the charge.

In dismissing the case, Magistrate Cowan said that too much of that sort of thing was being done. If a man was charged with theft, or some such offence, he should be tried and either be proven guilty or else innocent. The paying back of the money, or anything else taken, did not mean that the person should not be punished for his wrongdoing.

This is the second case of a similar nature that has come up before Magistrate Cowan in as many days. Yesterday a young man was charged by the proprietor of a hotel with false pretences because he did not pay for meals that he got. Just before the case was to be tried, however, the money was paid, and the plaintiff withdrew the charge. The amount of the bill was \$9, and as his worship assented the complainant with \$1 costs, he will likely conclude that a regular collecting agency would prove cheaper than the police court for the collection of overdue bills.

Pardoned Poet Grateful

St. Paul, Minn., April 28.—John Carter, the released poet prisoner, visited the Capitol yesterday to thank the Board of Pardon for his liberty. Governor Elshardt, who is a member of the board, was not at the Capitol. The other two members, Judge Starr and Attorney General Simpson, heard Carter's expression of gratitude.

Carter was accompanied by the Rev. L. R. S. Ferguson, director of the Church of the Messiah, who appeared for him before the Pardon Board last Saturday.

The young poet's plans are still indefinite. He was entertained at the Elks' club, where he delighted the members by reciting one of Chopin's nocturnes on the piano.

Stole Knife for Suicide.

New York, April 28.—A man was found lying last night in the arway of 46 Bethune street with three stab wounds in his side. A large butcher knife was clutched in his hand. In St. Vincent's Hospital the man said he was Alfred P. Poole, 43 years old, a salesman living at 129 West 56th street. He said he was married and wanted Mrs. Schneider at that address to be notified.

He told the doctors that he had been ill and had lost twenty pounds in the last few weeks. He said he went into a butcher shop and stole the knife. His condition is serious.

COLORS PEOPLE IN EDMONTON

An Alberta correspondent writes as follows to the Freeman, a newspaper for colored people, published at Indianapolis:

During the past week the colored people have been very prominent in the Edmonton daily papers, owing to the subject being brought up in the regular monthly meeting of the Board of Trade by a Mr. Powell, who raised the question of placing a head tax \$1000 on colored immigrants. The causes underlying this action have been coming on since last fall; in fact, ever since Jack Johnson, colored, after several attempts, finally made his escape from the Alberta Penitentiary, and has neither been seen nor heard of since. From that time to this different colored people have been very prominent in the police cases, being brought up on many various charges, including a shooting affray, participated in by some of the very lowest elements of the race, resulting in the death of one and another being shot in several places, but who lived. The ringing of the fire bell, through ignorance, and recently the assaulting of two women in the north end of the city, and the arrest of a woman for using profane language, and other annoyances caused the police, who have kept the matter quiet by simply notifying the leading colored citizens and having them take the matter up in meeting. Mr. Powell based his claims on the above facts, and said that the immigrants were a source of continual annoyance to the police, and asked that a measure be passed to place a head tax of \$1000. The matter was placed in the hands of a committee composed of Messrs. Montgomery, Fisher and Powell, who were taking the matter up with the provincial government. Of course this could not be done, at least for a number of years, but a form of educational qualification or a test of good character should be enforced, and all and every person causing annoyance to the police should be dealt with severely. To the prospective immigrant it should be borne in mind that Canada is a free country as far as civil and personal rights are concerned, but it should be remembered that it is due from the rigid enforcement of the Canadian laws that such is true, and none should take advantage of the fact by testing the extent of these liberties.

A casual sight on the streets, which has a demoralizing effect, is the seeing of a number of colored men standing on the street corners and creating the attention of passers-by. There were some points in Mr. Powell's address to the board which were good but on the whole his address was not more than has been expected and has a tendency to do a great deal of good. It is hoped that those here and those coming in will be less conspicuous in police circles.

When the Capital called up the G.T.P. offices as to their side of the case, the explanation given was that it was necessary to write to McVillie, Saskatchewan, in order to get each individual name and the amounts due the men. "None of the men were kept waiting more than a day and a half," said one official. "And if they say that they were, they are not telling the truth." To show that such a delay is not the usual thing, it was pointed out that over a hundred men came in yesterday and were all paid off before noon today.

LONG DELAY IN PAYMENT

(Continued from Page One)

value. So as a final resort they appealed to the police.

"When I heard the men's story," said Magistrate Cowan to a Capital reporter this morning, "I immediately called up the G.T.P. offices and told them that if all the men were not paid by noon today there would be trouble. I believe they took my advice and paid them, as I have heard nothing further from the men. If they had not done so the company would have been prosecuted under the non-payment of wages act. And there would have been about sixty cases."

"These time cheques are merely identification cards," continued Mr. Cowan. "The real something like this. This is to certify that John Jones has worked for such-and-such a time on a certain section of the road." The men present these cards at the offices here, and then their name is looked up in the company's books, and they are paid what is due them. As far as I can find out, the company had enough money to pay these men all right, but they just kept putting it off. And this meant great hardship to the men, as some of them have been in the city since the 11th of this month, without any money and unable to get what is rightfully due them."

When the Capital called up the G.T.P. offices as to their side of the case, the explanation given was that it was necessary to write to McVillie, Saskatchewan, in order to get each individual name and the amounts due the men. "None of the men were kept waiting more than a day and a half," said one official. "And if they say that they were, they are not telling the truth." CHIMPANZEE THE PET OF THE HOUR

England's Most Fashionable Hobby—One Trained to Roller Skate Caused a Sensation.

London, April 28.—Despite the fact that the English press exercises all the freak parties invented and all the queer pets owned to the whims of America's smart set, the latest pet taken up by the English women is a chimpanzee. As roller skating is also a craze a chimpanzee that can skate is the latest word in novelties.

One of these accomplished animals made its appearance at the Holland park rink in charge of a very pretty woman and caused a sensation as he skated nonchalantly around. A well known importer of animals says that the chimpanzee has superseded all rivals as the pet of the moment. He comes from South Africa, and after six months' training is fit for any society and guaranteed by the importer to prove an acquisition in any home. They teach him to dress himself in similar clothes to those worn by little boys, to sit at table, to eat with a spoon and to drink out of a cup, and generally to behave himself as a well brought up child. "When he passes up the hands of a private owner (at a cost of from \$50 to \$250) his training can be continued as the owner pleases."

Five Hundred Were Killed.

Flanagan Is Popular.

Of course they're all worrying Flanagan, who leaves for the Jeffries camp next week, for tickets and request that he keep an eye out for them. The big Irishman asserts that he never knew he had so many pals until news came that he was to go west to help Jeffries with his "road work." Flanagan has handled some few fellows and a few dead ones and we hope he is not stacking up with the latter in Mr. Johnson, who was in the limelight too long and who will find it an impossibility to get back to his former shape. Toronto Telegram.

Took in a Fortune.

Lexington, Ky., April 27.—Horsemen who spent the winter at Jack-

sonville say that a small fortune was taken from the jockeys in fines assessed by Starter Brown. "The last week in March the boys in the jockey room one afternoon counted up \$4,200 that they had collectively paid," said one of the owners who arrived at the Kentucky association track this week, "and since that time I am sure more than \$10,000 was assessed." "It was simply outrageous," said another. "Jockeys may need to be fined to secure proper discipline, but to take their money as it was taken at Jacksonville is kin to a hold-up; however just may have been the intention of the official. Very few of the boys had any profit from their winter's work when the meeting closed."

Edmonton is Happy

The Free Press says: "P. M. Gray, of Edmonton, who in Winnipeg on Saturday on his way east. He consulted with President Blackburn of the

Winnipeg Maroons, and discussed incidentally the baseball schedule about which so many western teams have been objected to. He stated that he had devoted much time and attention to the preparation of the schedule and he believes that it is the best possible schedule from a financial standpoint that could be conceived. He also considers that Moose Jaw should not be so arbitrary in its announcements. The schedule, as it is now, saves some 5,000 miles in the itinerary of the clubs and therefore should appeal to all the managements."

Deacon Brought Him.

Kinnear, the Moose Jaw pitcher, was a semi-pro pitcher with Calgary in 1906 and again towards the end of 1907. He went so exceedingly many in those days. He came here with Deacon White's Associates team.

THE ESKIMOS

(With apologies to the Chicago Tribune).

Speed? Take a look. They have got it to burn.
At fighting they've got 'em all done to a turn.
There is nothing comes near them that they cannot stop;
They're in front of the boulder and under the pop;
When they're out in the field you will say: "There's a team!"
The infield's humpback, the outfield's a dream—
And the best of it is they can hit.

At pulling the double and squeezing the pinch.
And cutting off men at the bag, it's a cinch.
At serving injunctions on probable runs—
Say—the cheese and the candy, the cake and the bun.
When they're on the defensive they're up on their pins.
They are there with their feet and their noodles and fins—
And the best of it is they can hit.

The pitching staff! Can you equal it?
Yes?
Well, there's coming to you another bad guess.
They have got all the speed and the guts to be had.
The spitters and floats that put bats to the bad.
They're as stingy as blazes in passing out walks.
And at fanning 'em you must give 'em the chalk—
And the best of it is they can hit.

Catching? You'll find 'em right there with the whip.
When a daring opponent to second would slip,
When a speed marvel dashes away from the base.
He is out just as plain as the nose on your face.
When the pegs to the plate they are there with the mit,
For sliders and spikes do they care?
Not a bit—
And the best of it is they can hit.

Kling Appears on Stage

Chicago, April 26.—John Kling, the Cubs' baseball player, has made his first bow to the public as an actor. With "Cap" Anson, the veteran, Kling played an exhibition 25 ball pool match last night on the stage of a local vaudeville theatre. Kling expects to join the ball team next week.

Ketchel and Langford Draw.

Philadelphia, April 28.—San Langford of Boston and Stanley Ketchel of Michigan met last night in the arena of the National Athletic Club in a six-round bout. At the end there was little to choose between the men. If anything Langford had a slight advantage but a draw would have been a fair decision. After the first round both men fought viciously. Ketchel playing for the colored man's stomach while the Boston fighter used a straight left, varied occasionally with right upper-cuts. It was one of these damaging blows which caught Ketchel on the nose near the close of the third round and started the blood flowing in a stream. Langford thereupon played for the damaged organ, driving his long left straight to the face repeatedly. This attack seemed to unnerve Ketchel and he swung wildly many times while Langford was cool all the time. As the men rushed to clinch, just as the bell sounded for the close of the fourth round, Ketchel drove a vicious left into Langford's stomach and the colored man's eyes closed and mouth opened. He was visibly affected by the blow, but what might have proved a damaging blot on his career was averted by the bell. Ketchel pursued his usual tactics of forcing the fight, and there was not a moment during the battle that he was not right on top of the Boston fighter, never allowing him to get set. This was the part of wisdom, for Langford easily out-boxed Ketchel when the men once or twice separated.

WHAT OTHERS SAY

Hats Off to the Banker.

(Edward C. Blomeyer, in The Bookkeeper.)
Hats off, fellow-fighters in the battle of business—hats off to the banker; he's the king bee of us all. He's the gentleman with the cash on hand, and all the world's his oyster. Other men must go out and scrape to get the coin—he stays at home and has it brought in to him. He rents the room vacated by the delicatessen store last week and buys two desks, some iron grill work, a typewriter, a second-hand adding machine and three hundred of the "assorted colors; he builds a vault out of some brick and boiler iron; then he hangs out a hammered brass and gilded sign that reads in shiny letters "Bank," and people tear one another's clothing to get to him and exchange their cash for a next little book covered with imitation leather and a pad of fifty cheques.

With genial equanimity he takes their coin and cheerfully agrees to return it to them in installments between the hours of 10 and 3 of any day, Sundays and all possible holidays excepted, and barring loss from fire, robbery, embezzlement, failure, panic or ordinary wear and tear. Then he loans it back to them for interest compounding annually and deducted in advance, providing they can secure the signatures of eleven responsible endorsers or give a mortgage on real estate or chattels worth seven times the loan. He advertises to pay the highest rate of interest on time deposits, and when you go to him with the hoardings of years of sweating toil he frowningly advises you that money is so plentiful that it is only out of the goodness of his noble heart and his tender regard for you that he can pay you 3 per cent.

GOIN' FISHER

(Baltimore Sun.)
Goin' fishin'! Com' along!
April woods are full of song
And I'd give the world to lie
Down on old Monocacy.
There by Bambrills, or the Junction,
Sweet with all the old-time name
Of the fishin' spell of dream
Where the stars of Bethlehem gleam;
Goin' fishin'! that's the word.
Get your line and come with me;
Sunshine and the song of bird,
And the old Monocacy!

Goin' fishin'! Ain't no use
For a soul to introduce
Arguments against the plan,
Or objections, not a man;
Fisher's got me, and I know
Where the winding waters flow
Round by Lingularre, and I
Have to go; that's all, Good-by!
Goin' fishin'! That's the sign!
Dreaming now, upon the shore
Where the sunbeams sift and shine
Through the whispering sycamore.

Goin' fishin'! Get your pole,
Come er long and bring your soul.
Butternuts came yesterday
All along the meadow way
Back of Traill's farm, and I know
Where the fellers want to go,
Just like I do, dreamin' sweet
In their stores on Market street
Goin' fishin'! Got the spell;
Can o' bait and miles o' line;
And they're comin' know it well,
Chickey Cole and Charley Cline.

Goin' fishin'! Just like then
In the old time, oh, my men,
Up and down the windin' stream
Fishin' now, as here I dream
Of the April of old glories
By the loved Monocacy,
Where the catbirds' raucous cry
Echoes yet, and will not die;
Goin' fishin'! That's the thing!
Got to go, and that's the truth;
Just as certain as it's spring
And any heart has turned to youth.

Goin' fishin'! Come along!
All the world is full of song.
Georgetown pike and Frederick Junction,
And the old Monocacy!

Calling with their old-time unction,
Till I can't just help but jump.
First old train that goes and bumps,
Up the country, wild with glee
For the old Monocacy.
Goin' fishin'! That's the word!
Got the spell, and got it bad,
And my heart is like a bird,
Singing songs because it's glad.

A Strange Reversal.

(Harpers Weekly)

In the days before the Suez Canal was opened to the world St. Helena was a frequent port of call for British vessels bound to and from India and the Far East. This custom was caused by the need of obtaining supplies for the long voyage, and it was, therefore, for this reason that the ship which on one occasion bore the Duke of Wellington, then Sir Arthur Wellesley, returning to England from India, touched at the island. The great commander spent one night at Jamestown at the house of a Mr. Balcom. Ten years later Napoleon Bonaparte looked to begin his six years of exile, and was assigned to the same room that his conqueror at Waterloo had occupied. This strange coincidence came to the knowledge of the Duke at Paris during his occupation by the allied forces, and he dispatched the following letter to the British officer then in command at St. Helena:

"I am much obliged to you for Mr. Simpson's book, which I will read when I have a moment's leisure. I am glad you have taken command at St. Helena, upon which I congratulate

you. You may tell 'Bony' that I find his apartments at the Elysee Bourbon very convenient, and I hope he likes mine at Mr. Balcom's. It is a draft enough sequel to the affairs of Europe that we should change places of residence."

Alberta Musical Festival.

The programme has been completed for the competitions in the Alberta Musical Festival next week, Tuesday evening, in the Thistle Rink, the male choruses and the brass and military bands will compete. Wednesday morning and afternoon in All Saints' school room will be held the competitions for violin and piano, basses, baritone and tenors. The same evening in the rink the choral competitions for small choirs and large choirs will be held, later in the evening the vocal competitions in sight singing taking place. The piano, sight playing and accompanying competition will be held in the school room on Thursday morning and will be followed by the vocal competitions for women singers and women's choruses and quartets. On Thursday afternoon at five o'clock there will be rehearsal for the grand concert by massed chorus and orchestra which takes place in the rink in the evening.

"More than five thousand elephants a year go to make our piano keys," remarked the student boarder, who had been reading the scientific notes from a patent medicine almanac. "My word," said the landlady, "ain't it wonderful what some animals can be trained to do?"

"Thank you; yes. My father and mother are here somewhere."

"And Captain Claiborne?"

"He's probably sitting up all night to defend Fort Myer from the crafts and assaults of the enemy. I hope you will come to see us, Mr. Armitage."

"But the genial art of assassination—there's a business that requires a calculating hand, my dear M. Chauvenet."

"Better ask the robin in yonder budding chestnut tree, monsieur. This is not an hour for hard questions!"

"Ah, you are very cruel! You drive me back to poor, melancholy Franzel, who is indeed a funeral in himself."

"That is very sad, monsieur," and she smiled at him with mischief in her eyes. "My heart goes out to any one

About Town

There has been a considerable rise in the river during the past few days and the lumbermen expect to have the first log drives sent down shortly.

The closing open-air meeting of the temperance campaign will be held at the corner of Jasper and Howard avenues tonight at half-past seven. Dr. Vickers will be the speaker.

Mr. Owen Spence personally guarantees all piano and organ tuning and repairing done by Mr. William G. Strachan to be second to none. Address 222 Sixth St. Phone 146.

Plans have arrived in the city for the extension of the G.T.P. yards which will cover the whole of the property previously adjoining the west end of the yards.

A full rehearsal of the festival chorus and orchestra will be held in All Saints' school room, Third street, this evening at eight o'clock. It is essential that all those taking part in the work should be present.

There will be a football match this evening at the Exhibition grounds between Strathcona and Albertans. Games called at 7 p.m.

Last night at 7:45 o'clock a fire broke out in one of the bedrooms of the Penderis Hotel. The cause of the fire was a defective spirit heater. All the bedclothes, carpets and curtains in the room were burned out and serious damage was done.

Miss W. H. Gardner, 650 Fourth street, will not receive on Friday, and again this season.

Miss Joan MacGibbon leaves today for Edmonton, where she will be a bridesmaid at the wedding of Miss Phyllis Straton and Mr. Alexander Fowler of St. John, N.B.—Winnipeg Free Press.

James Lawrence, of the firm of F. C. Lowes & Co., Ltd., left for Edmonton yesterday afternoon to take charge of a branch of the company which has now opened offices in the capital city—Calgary News.

Mrs. Ruth Bradburn, 544 Eighth street, will receive on Friday of this week. Her daughter, Mrs. Hall of Peterboro, will receive with her.

Peter White, Jr., M.P.P. for North Redfern in the Ontario Legislature, returned east Tuesday morning after attending in his capacity as president of the Dominion (Shorthorn) Breeders' Association, the Strathcona case against a Vegeville rancher, charged with false registration.

J. B. Peruse, of the firm of Tees & Peruse, is on his way to London, where he will remain for the next two months. His firm has decided to organize a large warehouse in Port William and while in the old country he will discuss with W. H. Rowley, president of the E. B. Biddy Company, the location of their new headquarters in western Canada—Winnipeg Free Press.

"His Excellency the Governor."

Tonight the Amateur Dramatic Club is producing "His Excellency the Governor," to be played at the Regine for the balance of the week, including a matinee on Saturday. This play, it will be remembered by all theatre-goers, created quite a furore in London when first produced and repeated its successes in New York.

It is a force pure and simple and as such is recommended by all dentists as a suitable substitute for laughing gas.

Since the last production of the club, many new members, fired by the success of these Amateur Theatians, have been added to its ranks, some of whom are making their debut under the auspices of the club in this production, chief of whom is Miss Macle, so well known in Edmonton, who is taking the part of Stella de Gex. Miss Knapth and Miss Potter and D. L. Robinson are taking part in the production, and, like the poor, Mr. Nash is always with us. So we think we may safely say that the play will be acted in a masterly fashion.

For the benefit of those who read in a contemporary of the predicted accident to the Sphinx as a result of witnessing this play, ample provision has been made for its renovation. Also by special request, Mr. Newell will not wear his passionate purple socks during the performance.

Y.M.C.A. Country Fair.

Last night the members of the Y.M.C.A. Boys' Club held a full dress rehearsal for the big country fair and circus which will take place in the Y.M.C.A. gymnasium on Friday night of this week. All the boys were in their places and the whole performance went with a swing that speaks well for the Friday night entertainment. The scene is laid in Mr. Krausmeyer's old red barn, Cranberry Corners, Squash County, N.G. Some of the "seeds" have witnessed a circus in the city and attempt to reproduce some of the features with local talent at the country fair. Besides a number of good-fellows, marches, etc., a number of special features are introduced, including drill swinging by Mr. J. A. Trentman, parallel and horizontal bar work by Spaghetti Brothers, tumbling and mat work by the Sawdust Brothers, also a wonderful strong man act by Sandbars. Mr. C. D. Rogers as Jacob Krausmeyer, the ring master, keeps his audience in constant good humor. The full programme follows:

1. Grand entrance of company.
2. The Rake's Drill—the school boys' class.
3. Parallel Bar Artists—the Spaghetti Brothers.
4. Club Swinging—"Slinko," the Human Torch.
5. Barn Dance—The Leader's corps.
6. The Spaghetti Brothers—A wrestling act on the horizontal bar.
7. Wrestling match—Hackenskratch vs. Hank Scotch.
8. Exhibition of skill and daring—Jumping over wild horse—"Skate" the Leader's Corps.
9. Sandbars, the strong man.
10. A flying ring act—Spaghetti Brothers.
11. Championship bout—Jack Jeffords vs. Jim Jonsing. The police interfere.
12. The Tumbling Team—Sawdust Brothers.
13. Jimson's Plowboy Troupe—Mass Drill by the business boys.
14. God Save the King.

The One—"That stranger's talk sounds well, but doesn't mean anything."

The Other—"Then it's as I suspected. He's a politician."

No Sogger to Beat Wife.

Winnipeg, April 24.—Because his wife visited the theatre four nights a week and failed to have his supper ready for him when he came home from work, Max Provisor beat her, threw her on the floor and concluded the punishment by administering several severe blows. The assault, the howls of the woman and the cries of her child brought in many neighbors, but being all women they were unable to stop the proceedings. Provisor was fined \$20 and costs this morning and told that even though his wife continued to visit the playhouses and neglect his meals, a repetition of the offence could be punished by a jail sentence.
